Education

Bachelor of Technology in CSE(AI&ML) RVR & JC College of Engineering CGPA: 7.96	2022-2026
Intermediate MPC -Sri Chaitanya Jr College -88.8%	2020-2022
10th Class Naveena Vidya Nikethan High School -85.1%	2019-2020

Technical Skills

Programming Languages: Java, Python, C, MySQL, HTML.

Tools: JIRA, AI Studio, Antigravity, Firebase, GitHub, Lovable AI.

Technical Skills: Artificial intelligence Machine Learning, Natural Language Processing, Prompt engineering, TensorFlow, PyTorch, Scikit-learn, Pandas.

Projects

House price prediction

- Developed an XGBoost regression model to accurately predict house prices and identify peak selling windows for maximum profit.
- Utilized heatmap correlation analysis to visualise key market trends, helping users match properties to their specific lifestyle needs.

E-Commerce Website

- Engineered a cloud-based SaaS Application, An E-commerce and rental platform featuring a dual-model system for product procurement and flexible tenure-based rentals.
- Implemented an end-to-end user lifecycle, including automated KYC verification, digital rental agreements, and UPI payment integration to ensure secure and seamless hardware transactions.

Internship

AICTE Virtual Internship-Zscaler Zero Trust Cloud Security

I analyzed real-world cloud security scenarios to assess access risks and policy enforcement, deepening my understanding of secure cloud access models and modern enterprise security practices.

AdeptSK Solutions Private Ltd – Software Engineer Intern

Currently Interning at AdeptSK , mainly focusing on vibe coding to deliver comprehensive, end-to-end project solutions. I balanced technical execution with advanced project management and emotional intelligence, ensuring seamless collaboration and high-quality project delivery.

Certifications

- What Is Generative AI by LinkedIn
- AI Fluency and Frameworks by Anthropic.
- Scrum Fundamentals Certification-1137883
- Machine Learning by Skill-Dzire

Achievements & Activities

- 3rd PRIZE in the Design Development challenge at RJE-Nest (I-TBI).
- Organized ISRO event in our college as NSS Volunteer.
- Former Member of IEEE Computer Society.
- Participated in KPRIET Intel AI hackathon.
